

11th Annual Environmental Awareness Day

TOPIC: The Water Crisis in our Area

The Great South Bay is only as healthy as the streams, creeks and rivers that flow into it, and is arguably our most precious resource. Marshall Brown, President and Founder of Save the Great South Bay, will be giving an engaging presentation on:

- The water quality crisis on Long Island
- What it is doing to our bays and creeks
- What we can do to save them

Saturday, August 19th at 4 PM
At the Ocean Beach Community House

Free Admission, Wine, and Light Refreshments

This Event Supported by Ocean Beach Community Fund
